

Southern Tier Library System

Shaping System Services

Tuesday, August 5th

9:30 am - 3 pm

STLS Service Center

Is the Southern Tier Library System meeting your library's needs?

What System services are most important for the entire region?

How can the System work with your library to provide excellent service to the people of the Southern Tier region?

To answer these questions we will:

Clarify current System services

Discuss the implications of providing service in 2003 with 1998 funding

Meet in groups with people from similar size libraries to discuss needs

Hammer out System priorities for the next three years

Your experience, ideas, opinions are important to this process. When you return the registration form below, a conference information packet will be sent to you. A box lunch will be served. Cost is \$6.50.

Plan of Service information is on the STLS web site: www.stls.org/about/planofservice.htm

Libraries help business to flourish, doctors to heal, children to read, scientists to discover
