Annual To-Do List for Library Boards

Information on Federal, State & Local Filings

STLS
Southern Tier Library System
Connecting Community Libraries

Public Libraries in New York State are accountable for filing specific federal and state reports to the Internal Revenue Service, NYS Education Department and the NYS Office of the Comptroller. These reports serve as official documents demonstrating a public library's compliance of fiscal reporting and Minimum Standards.

Oaths of Office

All library trustees should take Oaths of Office but only municipal, public district, and school district libraries are required to file those Oaths of Office with the County or Town Clerk. The Oath specified in the New York State Constitution reads (and is worth using in even Association libraries):

"I do solemnly affirm that I will support the Constitution of the United States, and the constitution of the State of New York, and that I will faithfully discharge the duties of the office of trustee of the _____ Library, according to the best of my ability."

Annual Report to NY State

Opening in January and due by March 1, the state requires that every library complete an annual report through the Bibliostat Collect portal detailing the services, programs, governance, revenue, and expenditures of the library. Libraries should work with STLS to complete this report. **For more**

Federal IRS Form 990

This form is the only required report of the Internal Revenue Service. The type of *990 Form* public libraries should file depends on a library's financial activity (budget size). Libraries with complex budgets might consider procuring a Certified Public Accountant to file on the library's behalf. Libraries with budgets less than \$49,999, may opt to file a simplified e-Postcard. **For more information refer to:**

NY State Public Library Construction Aid

Typically announced in April and due in June, STLS administers this half a million dollar program to fund library construction projects from the installation of elevators and solar panels, to HVAC and new library buildings. Planning for construction is a year round process and STLS can help you. **For more**

NY State Tax Cap & Tax Cap Compliance Forms

The Tax Cap Form is an online questionnaire required by the New York State Office of the Comptroller. All libraries must file this form if they have a budget vote. The deadline is fiscal year dependent (see Action Calendar). Libraries must establish an online account with the Comptroller's Office in order to file the report. **For more information:** <http://www.osc.state.ny.us/localgov/realprop/localgovernments.htm>
